

SAP Student Day @ SAP Headquarters - Register Now and Be There Live!

Explore SAP - Discover Your Future

Dear students,

Are you curious about how **Artificial Intelligence innovations** are created at SAP? Do you want to find out what it's like to work at SAP and explore career opportunities? Then join us for our **SAP Student Day on November 20, 2026** at the SAP Headquarters in Walldorf – this is the perfect possibility for you!

Join us for an exclusive onsite event at the SAP Headquarters that combines **career insights, inspiring conversations, and a look behind the scenes** — all in one:

- Discover **SAP TechEd behind the scenes** and learn how to kickstart your career in the exciting field of **Artificial Intelligence**.
- Gain unique insights into **Learning Opportunities for students** and hear about how to prepare for your future.
- Meet SAP employees in a relaxed atmosphere.
- Build valuable connections for your future.
- Enjoy our guided campus tour and a look behind the scenes

When?

Friday, **November 20, 2026** - starting at **10:00 a.m.**

Where?

SAP Headquarters, Hasso-Plattner-Ring 7, 69190 Walldorf
Building WDF21, Eventroom, 4th floor

What's waiting for you:

• **Explore SAP - Discover Your Future**

Margit Herrler and Anja Wölfel are Campus Strategy & Engagement Leads for the DACH Region. They have been with SAP for over 20 years and will talk about how you can join us, our people promise, how it is to work at SAP, and show you the different career opportunities and paths you'd be able to take.

- ***Get ready for future with teaching and learning offerings from SAP***

Learn from André Biener, Director DACH, Academic Partnerships how to prepare even better for entering the job market in a challenging environment and discover the learning opportunities SAP offers specifically for students.

- ***SAP TechEd behind the scenes - Build things that matter!***

Hear from Michael Graf, Project Expert, SAP Business AI Platform & CTO, Developer Advocacy how a SAP TechEd demo comes to life. This session takes a peek behind the scenes - from brainstorming first ideas and a demo scenario to engaging storytelling, technical implementation, sudden shifts in scope and priorities, and the final stage rehearsals. Learn how complex AI and innovation topics are turned into engaging experiences with a wow factor on stage. And we'll also take you backstage behind the curtains, where amazing teamwork and creativity is at work to deliver the thirty year anniversary keynote of SAP's premier technical event.

- ***Marketplaces & SAP Discovery Showroom Experience***

We wrap up the afternoon with various themed marketplaces. This will be a great opportunity for you to network with colleagues from different departments and get to know various divisions. In parallel, you can join the SAP Discovery Showroom tour and discover what happens behind the scenes at SAP. You'll gain authentic insights into how SAP operates its own IT and puts its transformation strategy into practice. Learn how CPIT (Corporate Processes and IT unit) ensures everything runs smoothly across the company, from enabling a modern digital workplace to integrating AI into real business processes. And because the best way to learn is by doing, you'll also get hands-on at our interactive stations and have the chance to connect directly with SAP experts and ask them anything you'd like to know.

Don't miss this chance to discover how you can kickstart your career with global exposure, structured learning, and a strong professional network.

Agenda:

- 10:00 Check-In and Welcome
- 10:30 Explore SAP – Discover your future
- 11:00 Get ready for future with teaching and learning offerings from SAP

- 11:45 SAP TechEd behind the scenes - Build things that matter!
